## ***Resident Update Sheets Enclosed***

### ***Do we know how to reach you in an emergency?***

Last month there was an emergency at one of our homes. We tried to call both owners on their cell phones and the numbers had been changed. We tried both owners at work and both employers had changed. We tried both emergency numbers on file and those numbers had changed also.

Do we know how to reach you? Please make any necessary changes on the enclosed information sheet and return to the Colonial Village office. Thank you for taking care of this by April 1st. We hope to never have to need to use these emergency contacts.

An  
Irish  
Blessing

May your neighbors  
respect you

Trouble  
neglect you

Angels  
protect you

and Heaven  
accept you

## Oven Baked Salmon

*Rose Anderson's favorite*

*Thanks Rose!*

Preheat oven to 400°

Whisk together:

3 Tbsp low sodium soy sauce

2 Tbsp olive oil

2 Tbsp honey

1 Tbsp Dijon mustard

2 cloves garlic (minced)

1 pound salmon filet (at room temperature)

Place salmon skin side down and pour 2/3 of sauce over salmon. Bake 15 minutes then brush remaining sauce over fish and bake 2-5 minutes longer or until fish reaches 145° at thickest part of filet.

Variation: If you like a little more of a bite use Arizona Heat or your favorite spicy mustard instead of Dijon. Enjoy!

## Ask John....

*the Colonial Maintenance Guy!*

**Q: When is a good time to check smoke  
alarms and CO detectors?**

**A: NOW!**

Get up and go check them now. Push the test buttons. Are they battery operated? Change the batteries now. Are they more than a few years old? Replace them.

Do you know that most people can't smell once they fall asleep? This is the reason smoke detectors are so vital.

CO alarms expire after five to 10 years, depending on the alarm.

Check the back of the alarm for the date it was manufactured. This is NOT the expiration date. If your alarm is more than five years old, check with the manufacturer to see if it's expired — or just replace it.

Here's a fun way to refresh yourself with fire dangers in a kitchen: Search YouTube: "360 degree Kitchen Fire Safety". It is put up by US Fire Administration. It is an immersive video to learn of fire hazards and how to prevent them.

We have been asked to  
remind everyone:

***"Please watch your speed  
in Colonial Village. Speed limit is 10 mph"***

Thank you
